- 6" Tilling Depth

Model	Working Width	# of Blades	Drive	Weight
RTC 40	39"	6	Gear	330
RTC 48	48"	6	Gear	365
RTC 60	57"	6	Gear	395

## Rotary Tillers

### RTM — Medium Duty

Medium Duty - RTM Series 30-60  
Horsepower

- Gear Drive Transmission
- 6 Blades Per Flange
- PTO with Slip Clutch
- Powder Coat Paint
- Large Diameter Rotor
- 8" Tilling Depth

The Tufline tiller is a durable heavy built tillage machine. It is ideal for farmers, outdoor enthusiasts, gardeners and various landscaping and contractor needs. The RTC and RTM come standard with a gear driven transmission and six blades per flange which gives this tiller the torque to cut through the toughest of soils. All Tufline tillers come standard with a slip clutch protecting the tractor and requiring operators less maintenance. The Tufline tiller has a unique and seamless solid frame design with a powder coat paint finish.
